Season

An orange-toned illustration of a building with a porch and several large trees with dense foliage. The scene is rendered in a sketchy, artistic style.

Yearbook

Published by

*The Senior Class
State Teachers College
Mansfield, Pa.*

Foreword

The 1940 Carontawan is a publication of the Senior Class which has been made possible by the voluntary cooperation of individual undergraduate students at Mansfield State Teachers College. Operating on a very limited and indefinite budget it has been deemed necessary to change some of the procedures which have heretofore been common in the production of this annual. Divider pages have been omitted in places to permit pictures in others. By the whole-hearted agreement of the underclasses to have their pictures taken and the support of a considerable number who agreed to go through with it, we have attempted to photograph all classes for this book. In this way we feel that it will be a book of personal interest to each individual as well as a book of general interest to anyone.

The nature of the Carontawan demands that we shall include a very definite group of subjects. These subjects make up our College. If our Carontawan duly represents each subject in an interesting fashion it has served its purpose. We have felt that we could do that without a strong literary theme. Instead we have included our subjects in a more informal manner and, as you shall see, assembled them around an Art Theme. We hope that we have included every person and every subject that we could include with the material and cooperation available.

Every member of the Carontawan Board desires that those who are kind enough to spend the time to leaf these pages one by one and read each word to see a thought, will be rewarded with some reminiscent joy.

Dedication

We respectfully dedicate this book to "our typical Deans of the day." May this Carontawan's reflections always bring to us the spirit which they are carrying to the student body—understanding, encouragement, cooperation, and industry. Dorothy M. Wasley and Paul J. Steele are father confessors to the students who need help and guidance at this last turning point of their education. We feel proud to characterize our college yearbook in terms of the personality and educational views of our Deans.

The Meaning of College Experience

The college at Mansfield is the epitome of community life where students learn a democratic way of living by living in a democratic way; where the social order is humanized; where membership in society implies individual and social obligations. Like all similar institutions, our college was created for social ends. Through such pursuits as self-government associations, dramatics, fraternities, sororities, and other group activities, as well as through the regular program of instruction students acquire the necessary attitude, skill, and appreciation for effective living, and attain a vantage point from which to view life as a whole.

The college may be regarded as a democracy in practice where, through cooperative effort, the mental, moral, and social qualities of human beings may be developed and improved. In this small world of its own are men and women of varying degrees of economic stability, physical vigor, intellectual acumen, social indulgence, moral integrity, and spiritual order. This intriguing cross-section of American humanity makes it possible for young men and women to mingle with all sorts of personalities and prepare for life in a democracy.

In their diligent search for education students are in accord with sound administrative policies. Surrounded by opportunity to cooperate in the functions of the college, they assume a genuine responsibility and meet life-like situations. They experience democratic processes. They enjoy a wide share in discussing curriculums, policies and methods. It is an adventure in service, exploration and companionship. Students come face to face with vibrant problems and feel the tingle of responsibility in their solutions.

Here the student learns to study and to think—not what to think, but how to think. Potential leaders acquire vision, responsibility and initiative that constitute the heart of all education. The capacity to think develops from an educative process that brings into operation the latent capacity of the learner. Fed from his own inner springs, the student acquires dynamic powers of thought, mines rich ore from his effort, and operates a workshop powered by machinery of his own creation.

The Carontawan of 1940 presents a graphic portrayal of student life at Mansfield, and reflects the realistic side of the students' experiences while engaged in the serious business of preparing to take their proper place in the public school system of our living democracy.

Dean of Instruction

His Message

With adequate training, ability, opportunity, character, and health, a teacher's success depends largely on his optimism. Without faith in human nature, teaching is likely to be a painful occupation and the instructor a sluggish and unpopular hewer of wood and drawer of water. Launcelot Hugben calls attention to the fact that "The key to the eloquent literature which the pen of Faraday and Huxley produced is their faith in the educability of mankind." Such is the story of all great teachers from Abelard to William James. To secure results we must believe in our pupils, in our work and in ourselves. Good teachers who have this reasonable faith lead their pupils both to be and to do not only what is expected of them but more. To do only what it is our duty to do, makes teaching a deadly and useless routine. Real teachers by their optimism lead their pupils to do the impossible. Their philosophy, to remake Bacon's words, does not "Vanish in the fume of subtle, sublime or delectable speculations." It is a reasonable and lively optimism which is "Operative to the endowment and betterment of man's life."

There is always a need for worthy teachers and worthy citizens. Our college aims to develop both. At this time in modern history when nations are at the crossroads of war and peace, when rapid advances and changes are being made in all lines of endeavor, it behooves all students of Mansfield State Teachers College to exert all efforts to become well-trained professional teachers, citizens of character, and animated by good will.

PAUL J. STEELE,

Dean of Men

A worthy objective of a college education is the establishment of satisfying relationships with people. Mansfield State Teachers College provides a wide scope of opportunity in which to practice cooperative living. Your educational experiences will be enriched by participation in college activities through assuming responsibilities and developing a sympathetic understanding of other people. Through such participation you will understand the art of living effectively.

The Councils

WOMEN'S STUDENT COUNCIL

Precher, Canedy, Cawley, Fahey, Felix, Gregory
Griffiths, Hughes, Scott, Wilcox, Zarfos, Wasley.

MEN'S STUDENT COUNCIL

Bowser, Cleave, Doane, Hughes, Keagle,
Morgan, Parker, Stavisky, Yeager, Steele.

The Women's Student Council

Each Monday evening these ten members of the Women's Student Council, under the direction of their president, Annmary Scott, and the guidance of Miss Allen and Miss Wasley, endeavor to make rules and regulations which are just and desirable to the women students whom the Student Council represents.

The Women's Council undertakes a variety of duties and responsibilities. Such tasks as sponsoring the "Big Sisters" organization which seeks to aid freshman women in adjusting themselves to college life, making the budget for the social fund of the college, remedying violations of the point system, assigning tables in the dining hall, planning week-end events, providing ushers for special occasions in Straughn Hall, supervising student behavior in the dormitory, and promoting harmony and efficiency among the various factions of the institution, are parts of the service they render.

The council offers to its members the opportunity to develop social consciousness and to accept responsibilities, qualities which point to leadership which is peremptory for the successful teacher.

The Men's Student Council

With President Alden Bowser at its head, the 1939-1940 Men's Student Council, under the sponsorship of Dr. Paul J. Steele, has been an indispensable factor in the well being of The Student Cooperative Government Association. The Men's Council has given a unique opportunity for deserving men students to accept the duties and responsibilities which are of dire importance to a democratic society. These men in turn have served the college by sponsoring elections, by promoting good will and understanding among the existing student factions and among the students and faculty, and by maintaining the worthwhile customs and traditions of our college.

Acting as a judiciary, the Men's Student Council has been able to maintain reasonable discipline and harmony among our men at Mansfield. By delegating its duties and some of its powers to committees and competent individuals the Men's Student Council has proved itself able to accept and execute efficiently all responsibilities with which it has been permitted to cope.

*Elementary
School*

Elementary School Faculty

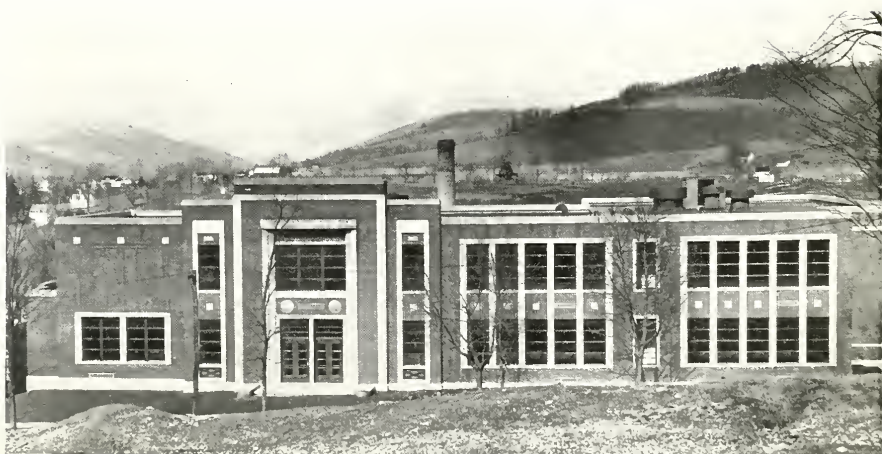

The Elementary Laboratory School

The Elementary Laboratory School affords many splendid opportunities to children and student teachers. The school is making progress in its effectiveness in that it attempts to incorporate the best of the theory of the progressive schools into its practices and to harmonize this theory with the necessities of the prescribed curriculum and the demands of its patrons.

While the student teacher is learning to plan and manage class recitations and programs for various occasions she obtains a wide background and compiles a great deal of material which she can use at a later date. At the same time the child is given an opportunity to write drama, poetry, fiction; to sing and to appreciate good music.

Each quarter the student teacher records the progress of each child on the basis of his age and social development which indicates whether or not the child is doing as well as he can be expected to do.

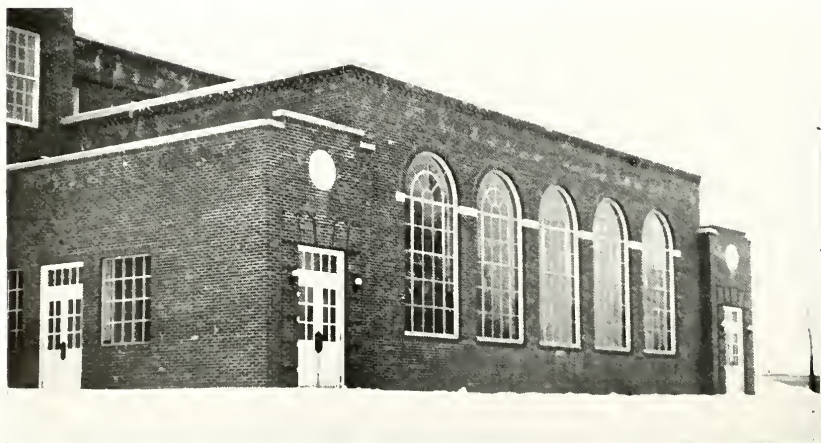

Junior High School

The Junior High School, a relatively new building, well planned and attractively located, affords excellent opportunities for the schooling of its students and the training of its student Teachers. For its students it provides a miniature High School atmosphere so that the Junior High School graduate, upon actually entering High School, does not feel entirely new and foreign. Such activities as are carried on in the Home Making course for girls, shop work for boys, science, mathematics, and language classes, music participation including band, orchestra, choir, music appreciation classes, community singing, and private instrumental instruction, fit the student with a better than ordinary mental equipment for High School. Not only do curricular activities contribute to a High School atmosphere, but both student teachers and faculty constantly strive to emphasize a general "grown-up" attitude among the students.

The building itself is well furnished with necessary and proper rooms and equipment. The classrooms are large and airy, well ventilated and well heated. The gymnasium is the center of activities, consisting of assemblies, meeting of musical organizations, as well as gym classes and sports. An attractive cafeteria, managed by Home Making teachers, serves appetizing lunches during winter months. The school shop and art rooms contain many machines, including a printing press and materials for building. The cooking and sewing laboratories are excellently equipped for the practical training which is given the students in them. The library includes well selected books with appeal to the adolescent boy or girl, and good reference material used in connection with all classroom activities.

The fact must not be neglected that the Junior High School is where Secondary students do their practice teaching. Here they meet and learn to solve classroom problems which some day will confront them in their own schools.

Perhaps the credit for the success of this school is due to the splendid faculty and directors, with Dr. George Retan in charge, because of their interest and guidance of students and student teachers.

ASSEMBLY SINGING

INDUSTRIAL ARTS SHOP

Advanced Chorus

Music Department

The music department of Mansfield State Teachers College has a reputation for having one of the finest music courses in the state. Coming in as Freshmen, the raw material is graded, sorted, and refined until after four years of intensive training the senior music educator is well equipped to take his place in the public schools. This refining process has two parts: first, the student must be made or developed into a musician, second and perhaps most important, he is taught how to teach music to others. In the first part he has four years of private study; he has courses in sight reading, dictation, harmony, and music history; and he is a member of the various instrumental and choral groups. In the second part comes instrumental and choral conducting, educational courses, and the all-important practice teaching.

Comprised of all the students in the department the mixed chorus, under the direction of our new Dean of Music, Dr. Reven S. DeJarnette, has this year performed the sacred cantata by Mendelssohn, "As the Hart Pants," in addition to a program of Christmas music. This organization seeks to acquaint the student with the better choral music, with rehearsal techniques, staging, and also to set high standards of performance.

As an annual project the music department produces one of the familiar light operas. This year, under the direction of Dr. DeJarnette, "The Mikado," by Gilbert and Sullivan, is being staged. Coming always at commencement, it is the climax to the entertainment season of the College. It not only gives practical experience in producing such a presentation, but also offers unusual opportunities for artistic growth on the part of the participants.

Welding the entire department into one is the Music Educator's Club, consisting of all the students and faculty in the department. The Club meets once each month where lectures, discussions, and musical programs are heard. The social side is emphasized by the annual Music Educator's Dance, which is always one of the most enjoyable dances of the year. The major project of the Club is the publishing of the annual placement magazine, the *CADENCE*.

Madrigal Group

Now in its second year, the Madrigal Group, under the direction of Miss Brooks, has continued to maintain its popularity and reputation for fine performance. Increased to eight members, selected by try-outs, the Group has appeared in Tunkhannock, Elmira, Waverly, assembly programs, and at club meetings. As its name implies, its purpose is the performance and study of madrigals, a type of music for small groups, popular in 17th century England and now undergoing a revival.

Vested Choir

The Vested Choir is a selected organization chosen by individual try-outs from the entire student body. Since the Choir is the "cream of the crop," so to speak, under the direction of Miss Randall it attains a finesse and a refinement of technique which could not otherwise be obtained. Its forty members, including several from outside the music department, study and acquaint themselves with some of the best choral literature, both secular and sacred. However, a particular emphasis is given to the sacred music because the Choir is called on quite often to sing at churches, the outstanding appearance this year being one at Mainesburg. At Baccalaureate, the singing of the Choir is regarded as an annual and almost traditional feature.

Tripleteers

Symphony Orchestra

Certainly one of the organizations with the highest standards of taste and musicianship is the Symphony Orchestra under the inspiring direction of Mr. Bernard Mandelkern. This year the orchestra has studied and performed such works as the Haydn Symphony in D Major, the Mendelssohn E Minor Concerto for violin and orchestra, and the Bach B Minor Suite. In addition to these the orchestra has had a definite aim of reading through several of the great symphonies and smaller numbers for the sake of familiarizing itself with great music by actually playing it. In addition to assembly programs the orchestra has appeared in the high schools of Wellsboro and Blossburg. For the formal spring concert, Miss Eudice Shapiro, violinist of national repute, appeared as guest artist, performing the Mendelssohn E Minor Concerto with the orchestra. Culminating the year's efforts is the traditional formal commencement concert.

Symphonic Band

It can truly be said that the Mansfield Symphonic Band under the direction of Dr. George Sallade Howard is one of the finest college bands in the East. This year, with a band of 70 picked from over 100 players, the band has achieved a flexibility and clarity of playing that makes it even finer than in the past. In the fall Percy Grainger and Richard Franko Goldman rehearsed the band for two days and both remarked on the fine qualities of the band.

With its radio broadcasts and concert tours the Symphonic Band is perhaps the most widely known musical organizations on the campus.

Membership in this organization gives the student the opportunity to familiarize himself with the better type of band literature, rehearsal procedures, stage presentations, radio technique, program building, problems of organization and the planning of out of town engagements.

The Esquires

Home Making

Mrs. Morales
Director of Homemaking
Department

The Home Making Department of Mansfield State Teachers College is under the direction of Mrs. Elizabeth B. Morales. The course not only prepares girls for teaching, but also deals with a broad background of material which offers many satisfying avenues of endeavor.

Each year the entire classes accompanied by faculty members make trips to points of special interest. The freshmen go to Williamsport to see the General Market, large department stores, and the Northern Pennsylvania Power & Light display rooms. The sophomores go to the glass works in Corning, and the Arnot-Ogden Hospital in Elmira, N. Y. The Juniors observe the metabolism apparatus in the State Hospital at Blossburg, Pa. The Seniors visit several vocational high school departments in connection with their Methods course, to study equipment and vocational programs in operation.

At least two summer projects are required—one, a home management project at the end of the Sophomore year is a preparation for advanced projects and is carried on for at least six weeks in the student's own home; and another, a commercial project at the end of the Junior year which is planned to develop abilities and appreciations through the necessity of meeting commercial standards. Additional projects are required according to individual needs. Home practice work is required of all students during the summer following the Freshman year.

The course as offered at Mansfield meets the requirements for teacher certification in Home Economics Education and English in the Commonwealth of Pennsylvania.

School Lunch

The Junior class of the Home Making Department is divided into four groups in order that each girl will have an opportunity to participate in school lunch work for six weeks, and also live in the Home Management cottage for six weeks.

Miss Farrer supervises each group of girls while they prepare and serve noon lunches in the Junior High School for the benefit of those who find it necessary to remain in the building for the noon hour.

The several weeks stay at the Home Management cottages are days no Home Maker will forget. There they carry on all the activities of a normal family in its own home by taking—in turn—the responsibility of hostess, waitress, cook, laundress, housekeeper and house guest for a certain length of time. This experience gives the girls opportunity to put into actual practice the principles learned in all Home Making subject matter courses.

Management

*Chemistry
Laboratory*

Home Economics is no longer considered as a course in Cooking and Sewing only. The girls in the Home Making Department at Mansfield State Teachers College, in order to obtain the B. S. Degree in Home Economics Education are required to take courses in Science such as Inorganic, Biological and Organic Chemistry, Bacteriology, and Physics; Art or Design in the form of Principles of Design 1 & 2, Home Management, Home Care of the Sick, Family Relationships, Child Development and Children Literature, all in addition to the English and Social Studies courses.

Home Economics Education not only prepares students for teaching, but also deals with a broad background of material which may truly be considered the most important in the world—Home Making.

*Biology
Laboratory*

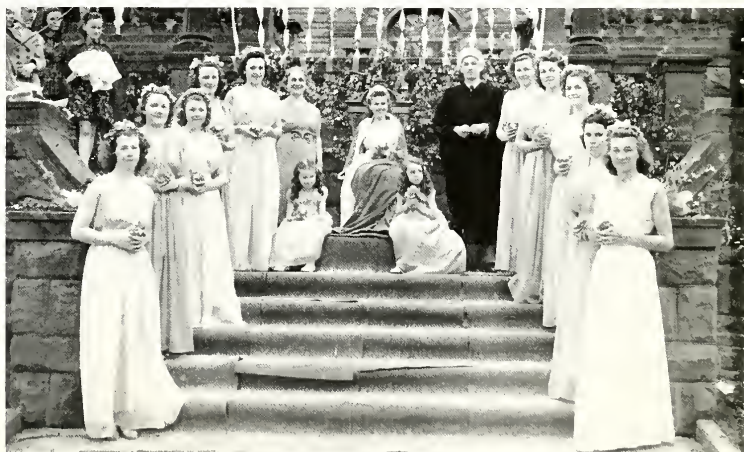

May Day

The "May Day" program, one of the outstanding activities of last year, was sponsored by the Home Making Department of this school as its special publicity feature. It was a big undertaking, but they did it very well and as a result, established a tradition which will be handed down to various clubs and organizations during the coming years.

There was a procession composed of the May Queen, her court, and the dancers, led by Brun Leonard, master of ceremonies. The spectators were entertained by the band, chorus, and dancers, after which President Noonan's wife crowned Miss Barbara Toy, Queen of the May. The Maypole dance was followed by the recessional which concluded the lovely ceremony.

The students were so impressed with the day's program that it is going to be celebrated again this year and will be sponsored by the Women Students Cooperative Government Association. Genevieve Cawley, President-elect, and Dorothy Felix are co-chairmen. We look for a bigger and better May Day each year.

His Message

You are living in a changing age. Most of you will live for fifty years. During that time you will probably see greater changes at Mansfield than were witnessed during the past half century. You will have a part in the changes that come. You stand, like one of Tennyson's dream children,

" * * with reluctant feet*

Where the Brook and River meet."

And,

"Is not life itself an act of daring,

A voyage of hazards, without chart or lee;

A risk of tempests, vanquishing or sparing

Our prec'ous argosy?"

To this "act of daring" may you bring devotion and faith. You are, in a peculiar sense, Mansfield's guardians.

Charles S. Gilbert.

The Junior Class

Timid Freshmen, strutting Sophomores, and more sensible Juniors. Three stages has the Class of '41 passed through on their way to graduation.

Three short years ago when we entered this institution the four years which lay ahead of us seemed like an eternity. And yet, here we are at the threshold of the fourth and last year, none the less for the wear and wondering where those three years have gone. Where? Why, they were spent in a hustle-bustle of classes, study, football, basketball, eating, sleeping and general fun.

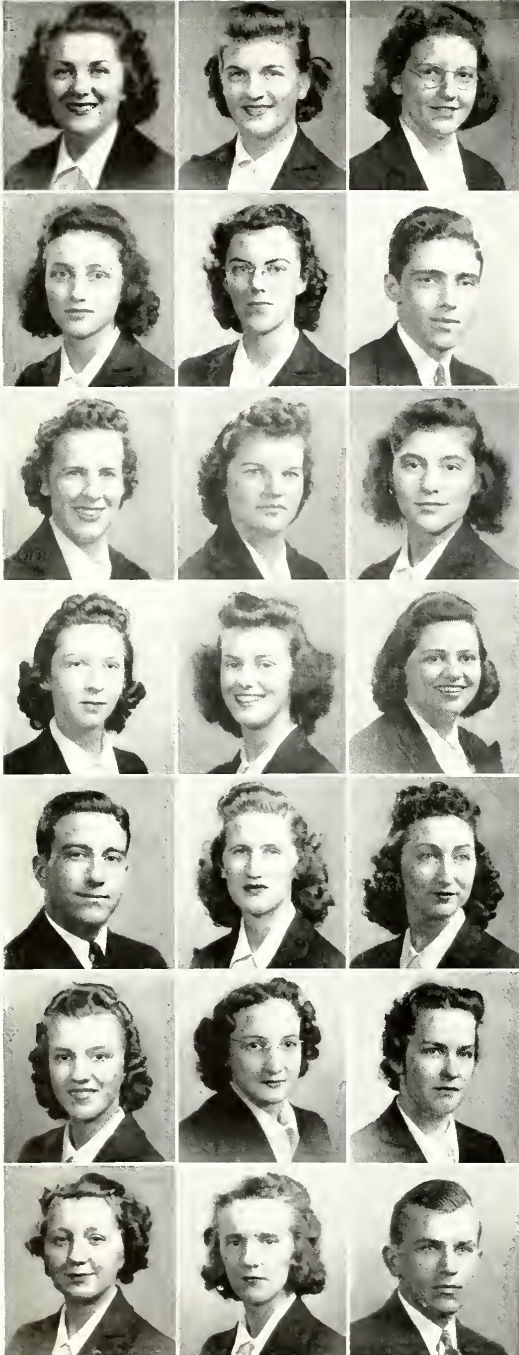

Some of this fun was had on March thirtieth in the New Gym at our Junior Prom, one of the big social events of the year. The Theme of the Prom was "Stardust" and the decorations consisted of blue and silver stars and streamers. A heavenly time was had by all and the dance was pronounced an "ultra-ultra" success.

*Sophomore
Class*

The Sophomore Class

Our class in this school year of '39-'40 happens to be one year nearer commencement, and we hope that much wiser than we were last year. Very few events happened which really involved the class as a whole. However, many of our individual members were prominent in the various organizations—athletic, musical, social, religious, etc.—around the campus. Of these we can be justly proud.

Although never extremely outstanding, our class has a "first" of which we are proud. In fact, most of our duties and activities hinged around this "first." Our Soph Hop was the first social event to be held in the New Gym. We had trouble with the acoustics in the new building, but the decorations were so arranged as to de-

feat this hindrance as best we could. The theme used pertained to Hawaii and helped to combat the December weather we were experiencing at the time. Johnny Hill's aggregation, a 14-piece dance band from Pottsville, very adequately furnished the music.

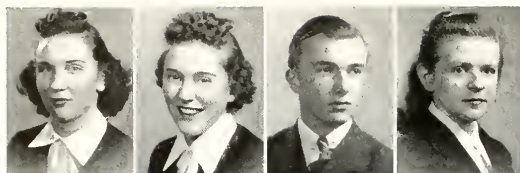

During the course of the year, Dr. Ade asked several times at assembly programs for ideas and personal opinions from the students by which our school might be improved. Urged on by our new faculty adviser, Mr. Eugene Bertin, our class was one of the first to turn in a list of things asked for, showing the cooperation which we were willing to extend to any worthwhile project for which we might be of some use.

*Freshman
Class*

The Freshman Class

It was a dull rainy day when the Freshman class made its entrance into the life of dear old Mansfield. The sun shone brightly the next day and with the sun came new vigor and less homesickness. We soon outgrew our timidity and summoned enough spunk to take our punishment from the upperclassmen with a grin. It was quite evident that the "Greenies" really enjoyed the initiation sessions held on the arcade after lunch. Who can forget Dick Seifert crooning a romantic ditty in front of the gloating persecutors? Remember the "select" group that was given permission to sing (?) the laundry list? It was during good fun like this that we made friends and acquaintances on the campus.

After the weeks of initiation were over, the Freshman class began to take its place among the respected organizations of the

school. Under the fine supervision of Dr. Paul J. Steele, the class organized and elected officers, namely Basil Harris as its leader. During a following meeting, the class agreed to have the traditional "Frosh Frolic" on Saturday night, March 2. Our theme was a Circus and as the guests entered the door to the gym a huge, colorful sign saying, "This Way to the Big Show," put everyone in the circus mood. The walls were lined with life-like pictures of caged animals. Pictures of clowns grinned down at the dancers who were enjoying the very danceable music of the "Esquires."

We are just beginning to be a part of the vibrant life of Mansfield and in our happy beginning we see three glorious years ahead of us.

MANLEY

LOCH

TAYLOR

CARTER

The Football Team went into action with a determination to re-capture the 1938 championship. Working hard and playing the type of game that makes a team look like true champs, they started the season with four consecutive victories and seemed to be headed for an undefeated season, but when Co-Captain Manley was taken from the line-up, due to illness, the team lost some of its fight and also the last three games on their schedule.

Graduation takes five of the team's stars when Cunningham, Loch, Manley, Smith, and Taylor graduate. However, with a lot of good material to fill these seniors' places, Coach Martin and the team are looking forward to another championship and an undefeated season in 1940.

MANSFIELD—12

DICKINSON—0

Mansfield opened its football season for 1939 with an impressive victory over Dickinson Junior College. The first half of the game was played in a heavy downpour of rain and, due to the poor weather conditions and also the condition of the field, it turned out to be a punting duel between the two teams. The first touchdown was scored by Cunningham when he recovered a fumble back of Dickinson's goal line in the first quarter. Loch scored the second cause one of his teammates was "off sides"

and the last touchdown of the game. He carried the ball across from the five-yard line on one of his power runs after the team had marched all the way down the field and placed the ball in a scoring position. The most exciting moment of the game occurred when Manley received a punt and ran it back eighty yards for a touchdown. The score did not count before the play. Mansfield showed superior power by gaining ten first downs as compared to Dickinson's two.

MANSFIELD—26

EDINBORO—14

Mansfield scored early in the first quarter by recovering a punt, and after a couple of plays, Manley passed to Cecere who scored the first touchdown. Mansfield failed to score the extra point.

Mansfield scored its second touchdown in the second quarter on a thirty-two yard pass, Manley to Dean, who ran twenty-five yards. We scored the extra point and brought the total to Mansfield 13, Edinboro 0.

Later in the second quarter Edinboro intercepted a pass which put them in scoring position. They scored on a "fake line buck" and a lateral. They converted the extra point and changed the score to Mansfield 13, and Edinboro 7.

Mansfield scored again in the third quar-

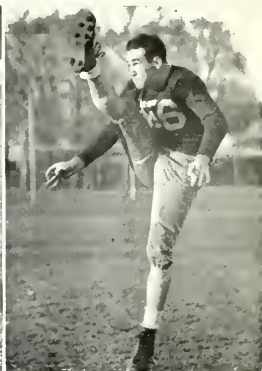

TAYLOR

MARKLE

BRION

CUNNINGHAM

ter on consistent gains by Loch and Manley. Loch scored on a line plunge. The extra point was not converted. Score, Mansfield 19—Edinboro 7.

Mansfield lost the ball on a fumble which Edinboro recovered and scored after a few plays on a pass. They converted the extra point and added to their score, Mansfield 19—Edinboro 14.

Manley scored Mansfield's last touchdown in the last quarter. A line plunge was successful for the extra point. The final score was Mansfield 26—Edinboro 14.

Mansfield had 14 first downs while Edinboro had 3.

MANSFIELD—25 BLOOMSBURG— 0

Mansfield started fast. After receiving the kickoff, they marched down the field and scored the first touchdown in a very few plays. They failed in their attempt to score the extra point.

After an exchange of punts, Mansfield scored again on a fake line buck and a lateral pass. Again they failed to make the extra point. This brought the total of the score to Mansfield 12, Bloomsburg 0.

Bloomsburg came out determined after the half and held Mansfield doggedly on even terms during the third quarter. But

in the fourth quarter, Mansfield showed its superiority and scored another touchdown.

Mansfield had the ball in scoring position many times during the game, but they seemed to lack the "punch" needed to put it over the line.

Mansfield's line worked very hard during the whole game. They opened up large "holes" and held Bloomsburg from making very much progress. Mansfield had 15 first downs as compared with 5 for Bloomsburg.

MANSFIELD—12 MILLERSVILLE— 6

The Millersville team came on the field determined to win. Mansfield kicked off to start the game and Millersville marched down the field for four consecutive first downs. This placed the ball on Mansfield's fifteen-yard line. From this point Millersville scored on a very cleverly executed pass. This seemed to surprise the M. S. T. C. players but did not bother them as they started to march back down the field and scored early in the second quarter. The score at the half was Mansfield 6, Millersville 6.

Mansfield, looking forward to the championship for the second consecutive year, came out after the half and showed the fight of a true champion. They scored their

They Pray

second touchdown midway through the third quarter as the result of a Millersville fumble. Taylor recovered that fumble and behind some very good blocking carried the ball fifty yards for what proved to be the winning touchdown.

Many times during the last quarter Millersville had the ball in scoring territory, but the stubborn, hard fighting line of Mansfield kept them from scoring. Final score, Mansfield 12—Millersville 6.

The Mansfield team played this game under a significant handicap—it was before this game that Mansfield lost their star quarterback, "Hawker" Manley.

MANSFIELD—6 INDIANA—7

Mansfield's 1938 State Teachers College Champions saw their hopes for another undefeated season vanish when they suffered a heartbreaking defeat at the hands of Indiana S. T. C.

Indiana jumped to an early lead before two minutes of the first period had gone by. Indiana kicked off to Mansfield to open the game. A Mansfield player fumbled the kick-off and Indiana recovered the ball on Mansfield's twenty-yard line. From this point a pass was made good for a touchdown and the converted point resulted in a score of 7-0, Indiana leading.

Mansfield fought back desperately and had the ball in scoring position many times before the half ended, but they seemed to lack the final drive it takes to score. Thus, the first half ended with Indiana retaining her early lead at the end of the first half.

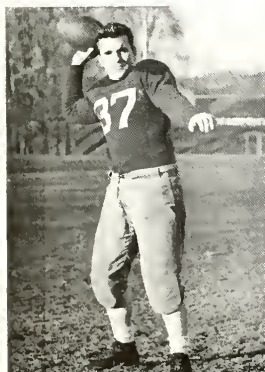

Mansfield came out after the half determined not to let their championship hopes vanish. They scored their first touchdown in the third quarter on a short pass from Dowd to Cunningham. They were unable to convert the kick for an extra point, however, and the score was 7-6 at the third quarter.

During the fourth quarter Mansfield tried to score again and had the ball in a scoring position a number of times, but Indiana fought desperately to stay in the lead by playing a very defensive game in which they prevented Mansfield from scoring.

MANSFIELD—8 STROUDSBURG—13

The Mansfield team went into the game with a weak eleven which was due to the injured star players, who were unable to participate. The injured players were Piccolo, Dowd, and Brannan. These men had been injured in previous games and the team showed much evidence of missing them in the line-up.

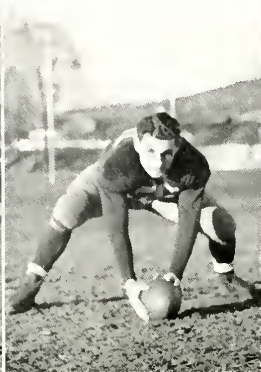

Stroudsburg made the opening score of

DOWD

DEAN

BRANNAN

PICCOLO

Prayer Answered

the game in the first period. This score was made possible by the accurate passing of the Stroudsburg backs.

In the second quarter, Stroudsburg fumbled the ball behind its own goal line and both a Stroud and a Mansfield man recovered the ball. However, the referees ruled that Stroud had recovered and Mansfield was given credit for scoring a safety instead of a touchdown which they would have gotten if they had recovered the ball. This bad break in the game spelled the difference between victory and defeat. The score at the half was Mansfield 2, Stroudsburg 6.

Mansfield came back strong in the second half. They seemed to have the fight that it takes to win any game. They scored shortly after the second half had started. Cecere, in his dodging, side-stepping gait, ran the ball back for a distance of fifty yards to which the fans responded with deafening cheers. The referees extinguished Mansfield's highly flaming hopes by ruling that Cecere had gone out of bounds, and so the ball was withdrawn to the five-yard line. Kish scored from this point, however, by "driving through" in two line

plunges to reach the goal five yards away.

During the last quarter Stroud got possession of the ball and scored the last touchdown of the game.

MANSFIELD— 0 CORTLAND—13

Mansfield went to Cortland with little hopes of a good showing in the game. For one thing many of Mansfield's players were still on the injured list. The other thing that caused the fans and also some of the players to have but little hope was the past record of the Cortland team in playing some very tough opponents during the early part of the season.

Mansfield's slow starting, which was the chief drawback throughout the season, permitted Cortland to score thirteen points during the first half of the game while Mansfield didn't score at all.

The Mansfield team seemed to find itself in the second half and as a result they outplayed Cortland in the second half. The nearest they came to scoring was when they had the ball on Cortland's two-yard line, only to lose it after attempting two plays. Parenti's passing and Cunningham's receiving gave Mansfield special recognition in this game.

The basketball team this season suffered many set-backs. The men fought valiantly, under the leadership of Head Coach Martin, but despite this fact they were unable to "wind-up" the season on top. Strong opposition faced the team upon each encounter as there were by no means any "set-ups" in the schedule.

Hawkins lead the scoring with a total of 142 points followed by Cecere with 129. Next season's squad will be without these two men and their teammates, Brion, Smith, and Cunningham, the backbone of our defense. Very seldom is a team made up of seniors as it was this year; therefore, in Bunsavage, McDonald, Dillman, Stavisky, and Jacobson are placed the hopes for the team of 1941.

Wrestling

1st Row. Perkins, Cooley, Thomas, Tamara, Williams.
2nd Row. Thrush, Hughes, McGraw, Parker, Lloyd.

Wrestling Team

Under the capable direction of S. Manfred Lloyd, and with the assistance of Co-Captains Harry Cooley and Arnold Parker, the wrestling team had a comparatively successful year. The beginning of the season saw many vacancies in the line-up—but these were soon filled with fine prospects taken mostly from the freshman class.

From the boys who worked out in the wrestling room, Thomas and Tamaro were selected to wrestle in the 118 pound class; E. Parker and Williams wrestled in the 128 pound class; Co-Captain Cooley took care of the 135 pound class very nicely; Liparula, Lentini and Perkins all had a turn at the 145 pound class; Co-Captain A. Parker was successful in the 155 pound

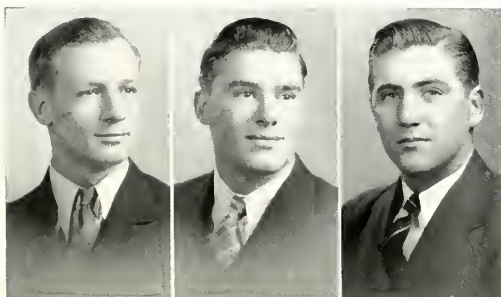

1940

division; Hughes ruled the 165 pound class; Thrush wrestled 175 pounds; the unlimited division was shared by four huskies, Jones, Payne, McGraw, Knapp.

Although the victories were not so numerous for this season, the team captured second place in the state tournament at Lock Haven. Harry Cooley and Harry Hughes emerged from this encounter as

the State Champions and Ace Parker as the runner-up for their particular division. Next year graduation will have deprived us of the services of these three stalwarts, which may leave a loop hole in the line-up. However, a reasonable amount of new material and an intensive building up process will place our team on its customary superior grounds.

Prospects for a good season in baseball look bright. There are many players, both veterans and rookies, responding to the practice schedule and the competition for positions is very keen.

Last year's team produced a good record winning six games and losing five. This year's team should do much better because they have better material and more experienced players.

Graduation took six of the team's veter-

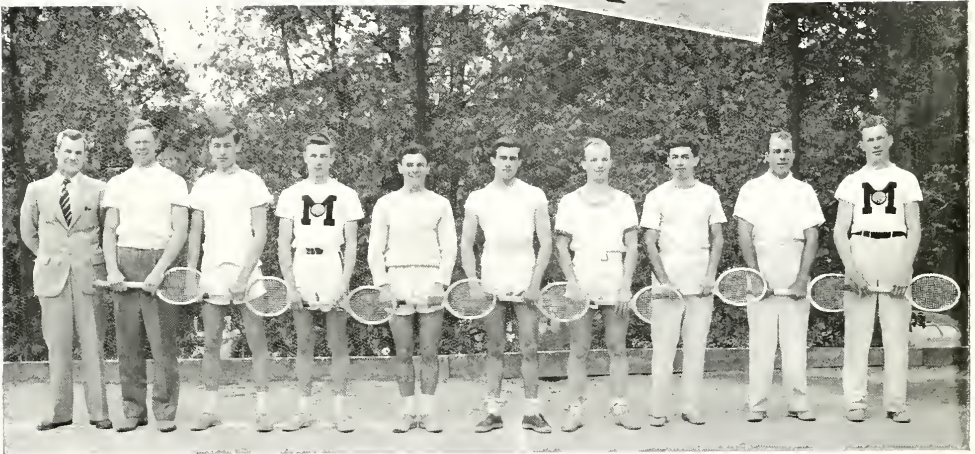

ans when Feldman, Lupton, Matthews, Osgood, Terry, and Yurcic left. However, with a good supply of rookies on hand to fill their places the team should not be weakened by the loss of these men.

With the experienced men and the able leadership of Coach Martin plus the determination to win, the team should produce an enviable record when the season is finished.

1st Row: Cecere, Cawley, Brannon, Dowd.
 2nd Row: Lupton, Yurcic, Matthews, Feldman, Terry, Osgood, Marvin.
 3rd Row: Coach Martin, Jupenlaz, Dillman, Cunningham, Lindquist, Kelly, Jones, Bower, Bonner.

Tennis

Hazelwood, Hawkins, W. Doane, J. Doane, Frenchko, Gardner, Webster, Wolpert, Sheesly, Davis.

The tennis team, under the capable coaching of Benn Weeks, is looking forward to a very successful season. The team last year went through the season winning six meets and losing only two.

The team lost the services of captain Ben Gardner, Charles Davis, and Marshall Webster through graduation. However, with veterans such as newly elect captain John Frenchko, Jack Doane, Bill Doane, and Jim Hawkins along with the aid of

Ed Kelly, new recruit, the team should better its last year's record.

The team is looking forward to its first match of the season with Bloomsburg and all of the men are anxious to start off the year with a victory. The positions for this year's team are: No. 1 position will be filled by captain Frenchko—No. 2 Jack Doane—No. 3 Ed Kelly—No. 4 Bill Doane—No. 5 Jim Hawkins—No. 6 Leo MacDonald.

Front Row: Orndorff, Strassner, Cutler, Boyer, M. Phillips, Beirne, Reynolds, Lent, Osborne, Stevens, P. Devling.
 2nd Row: Helman, Terry, V. Clare, J. Clare, Weissenhuh, Cook, O'Reilly, Parretta, Dolheimer, Goshinski, Garber, Post, Owen, Riegel, A. Smith.
 3rd Row: Ross, M. H. Beck, Dwyer, Wilcox, P. Smith, Partrick, Satterthwaite, Neiswender, Danneker, Glenough, Croisdale, W. Devling, Coon.
 4th Row: McJavin Varcoe, Shoop, Elliot, O. L. Phillips, Seipp, Burke, Redfield, Rudneski, Davies, Perog, Nachlis, Botterbush, Auvil, Monahan.

Girl's Athletic Club

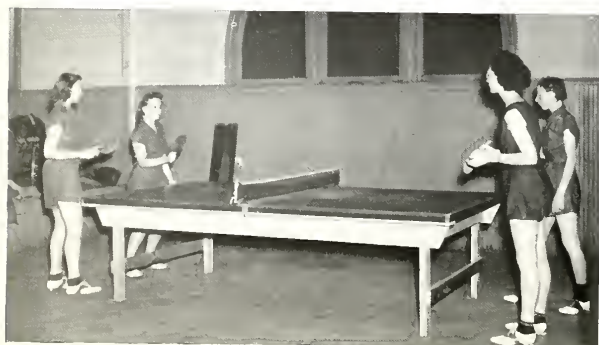

Through the intramural program, which is sponsored by the Women's Athletic Association under the supervision of Miss Morris, each woman student is given an opportunity to participate in the various activities.

At some time during the year each sport or recreational activity is climaxed by a tournament and the winning team or winning participant is given recognition.

In the fall of the year, hockey, tennis, swimming, archery and outdoor roller skating are enthusiastically supported.

As winter arrives, most of the scene of activity shifts indoors, where basketball, volley ball, table tennis, shuffleboard, badminton and indoor roller skating are ever popular. Along with these indoor sports, the outdoor sports of coasting and skiing claim eager adherents. These sports, together with indoor roller skating, are made possible by the Women's Athletic Association who own the equipment.

With spring, soft ball comes to the foreground. Again tennis, swimming, archery, and badminton are renewed.

1st Row: McDonald, Dowd, Yaw.
 2nd Row: Jones, Frenchko, Taylor, Cecere, Manley, R. A. Smith, Kisilewski.
 3rd Row: Parker, J. Doane, Carter, B. Doane, Brion, Cunningham, Loch, Butsavage.

"M" Club

The "M" Club is a men's organization for athletes who have participated in at least half of the engagements of the sport in which they desire to earn a letter, and for managers or cheer leaders who after faithful service pass successfully the rigid initiation requirements that all members must

The function of the "M" Club is to promote and stimulate good sportsmanship, wholesome living, and school spirit. The "M" Club furnishes entertainment for the college guests on Parents Day and on Alumnae Day. On these occasions the club pub-

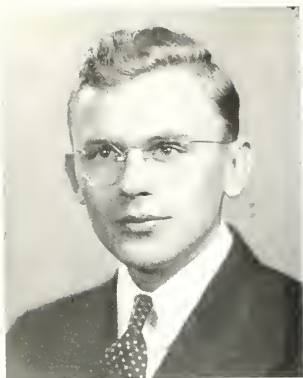

lishes a program which is sold as a guide and as a memoir. The proceeds from the sale of programs is applied to the "Sweater Fund."

The "Sweater Fund" was instituted this year to enable all members of the organization to have a white "M" sweater. This year each senior member received a sweater from the club. Beginning next year, the organization plans to present a new sweater to each senior and to each new pledge. In this way every "M" Club member may be recognized by his sweater, a mark of distinct achievement, and of athletic ability.

Our 1940 Carontawan Board was composed of 14 members who were selected by the editor-in-chief and the business manager upon the recommendation of several faculty members and the approval of our yearbook's sponsor, the student council, and the president of the college. This year our very cooperative crew has directed its efforts toward a goal which may be expressed in a single phrase, "to produce a Carontawan that will be of personal interest to every student in this college and of general interest to anyone."

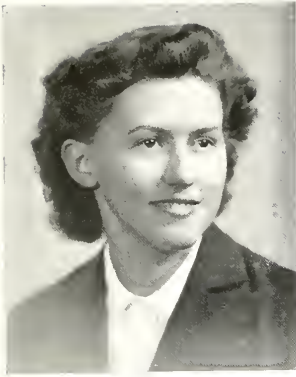

The 1940 Carontawan has not been as successful as we had hoped it would be, nor has it fulfilled the expectations of many of our patrons. Nevertheless, the Carontawan Board has done its best to publish this yearbook, facing honestly the existing problems and objectionable situations that have tended to delay and inhibit the production of a first class annual. Our board has eliminated only a few of these unnecessary evils; it has, however, succeeded to make the presence of many of faulty conditions, known to the students and authorities in our college. In addition to bringing these situations to attention, we have determined and suggested feasible ways to abolish them and at the same time eliminate the need for future members of the yearbook staff to sacrifice their scholastic standing, financial security, and personal liberty in a vain attempt to please their fellow students who trust and place confidence in them.

The 1940 Carontawan Board will realize some gratification and success when and if Mansfield State Teachers College sees fit to rid itself of the kinks that we have segregated, brought to light and attempted to straighten.

1940 Carontawan Board

MARGARET THOMAS, Editor

Flashlight

The Flashlight, the college newspaper, with its facts and fiction in news and happenings of interest on the campus, is published by a staff selected from all departments and classes. Distributed regularly to students, members of the faculty, and others, it strives to keep the college personnel and patrons in touch with all of the educational and social activities of the institution.

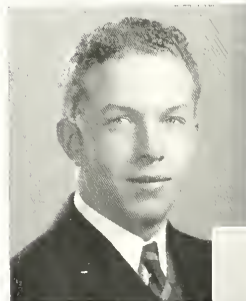

This year, under the leadership of its first woman editor, The Flashlight has succeeded in establishing itself in a place all its own in the favor of the student body, and has attempted as far as possible to prepare issues which come up to, or surpass, the standards set in past years.

A meeting of the entire staff is held once a week, followed by a meeting of the department editors. At the former, plans are discussed for the coming issues, and comments and general suggestions concerning the previous issues are made; while the latter is held expressly for the purpose of making assignments and insuring the completion of the plans.

Through the Exchange Editor, as well as through correspondence with other publication staff members, close touch is kept with activities in colleges and high schools near by. A column is maintained in The

Flashlight to give out the information gleaned from the publications of these colleges and high schools.

During the 1939-40 academic year, The Flashlight became affiliated with the Pennsylvania School Press Association, which connection entitles the publication to participate in the program and to carry on its masthead the insignia of this well-known journalistic coordinating and rating agency. Additional affiliation of The Flashlight is that with the Columbia Scholastic Press Association, which tie up was affected approximately a year ago.

Theta Times

S. ROGER BAILEY, Editor

Theta Times, the annual book of Phi Sigma Pi, has as its purposes the binding of the ties of friendship between the alumni and the active members of the organization and also it should act as a means of acquainting the more remote members of the activities of their organization.

For these two reasons alone we feel justified in editing and publishing the book. The appreciative and enthusiastic reception which greets the book on publication is ample proof that we, the active "Brothers," are not alone in our feeling for it.

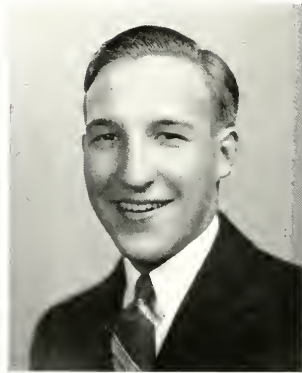

Too often, in organizations on the campus, the alumnus is forgotten after graduation, or at least feels that he is forgotten, by his former classmates and those who come after him. This feeling does not tend to promote a friendly feeling between the alumni and those present in the school. We, of Phi Sigma Pi, have, during the past, attempted to alleviate this feeling and have chosen the book as a means toward this end. If this has succeeded in a small way as a means of expressing our feeling, we who are responsible for the editing of the book, shall feel amply repaid for the time and effort expended.

Cadence

The CADENCE, a placement magazine for the music department, is a summary of four years growth in the music student. The graduating class has as its major objective the obtaining of a satisfactory position and it is the purpose of the CADENCE to aid them in gaining this objective.

The CADENCE places at the disposal of those interested in improving teaching efficiency an accurate account of the activities, curricular and extra curricular, of the seniors graduating in music. Through this edition any information that school directors may want concerning the senior class may be obtained.

This pamphlet does not merely enumerate the courses completed by the Senior Music Supervisors. It sets forth the trends in the field of Public School Music as viewed by the members of our faculty and other prominent people in this field. In many instances these articles actually help those seeking teachers to decide just what accomplishments a GOOD music educator should have. They illustrate the splendid influence under which the students have been prepared. Our issue this year contains articles by Richard Franko Goldman, famous Band Leader and Composer; Lester K. Ade, President of the college, George Sallade Howard, Band Director and Instructor at the college, and Reven S. DeJarnette, Head of the Music Department at the college.

Art Club

The purpose of the Art Club is to develop an appreciation for artistic values and to stimulate creative ability in everyday art and handicrafts.

One project for the year was sponsoring the Philadelphia Plastic Art Exhibition of Pennsylvania Contemporary Artists. Another feature of the club's work was Christmas decorations on the Campus and the Christmas Assembly.

The newly-elected president was sent to the Annual Eastern Arts Convention which was held at Philadelphia. One other representative from the club accompanied the new president.

The meetings this year under the leadership of President Virginia I. Mars and the sponsorship of Miss Marjorie S. Murphey have been a combination of social times, phases of art, and processes of work.

Kappa Delta Pi
Beta Rho Chapter

Kappa Delta Pi is an honorary educational society whose purpose is to maintain the highest ideals and to foster fellowship, scholarship, and achievement in educational work. Beta Rho Chapter is proud to be distinguished at Mansfield State Teachers College as the organization with the highest standards and the largest membership.

The activities of Kappa Delta Pi are partly social but primarily of an educational nature. Programs are arranged for a semester at a time. During the first semester they discussed the following topics: "The History of Education," "Teacher Qualifications of the Present and the Future," and "Aspects of Teacher Education and Qualifications." For the second semester a series of programs illustrating some phase of work in each branch of education offered at Mansfield. This has proved to be an entertaining as well as an educational series of programs.

Beta Rho Chapter celebrated its tenth anniversary April twenty-seventh in the Penn Wells Hotel at Wellsboro, Pa. On this occasion we had the honor of hearing Miss Florence Stratmeyer, National Vice-President of Kappa Delta Pi.

Phi Mu Alpha is a national musical fraternity for men who show a love for music either by adopting music as their profession or by working to advance the cause of music in America.

Beta Omicron chapter has, since its installation in 1931, been a leader on the campus at Mansfield. This year the fraternity sponsored two Chapel programs, numerous musical programs in the churches and schools of this vicinity, radio broadcasts, a concert tour by eight members through five counties of Northern and Northwestern Pennsylvania, as well as the annual smoker for men in the fall and the annual spring formal dance.

At the November initiation Beta Omicron had the distinct honor of conferring Chapter Honorary membership upon Percy Aldridge Grainger, and Richard Franko Goldman, two leading figures in American music.

With a present membership numbering thirty-five active members, Beta Omicron feels it has done much to advance the cause of music in America, to foster the mutual welfare and brotherhood of students of music, to develop the truest fraternal spirit among its members and to encourage loyalty to the Alma Mater.

Phi Mu Alpha

"The Manly Musician and The Musicianly Man"

Phi Sigma Pi

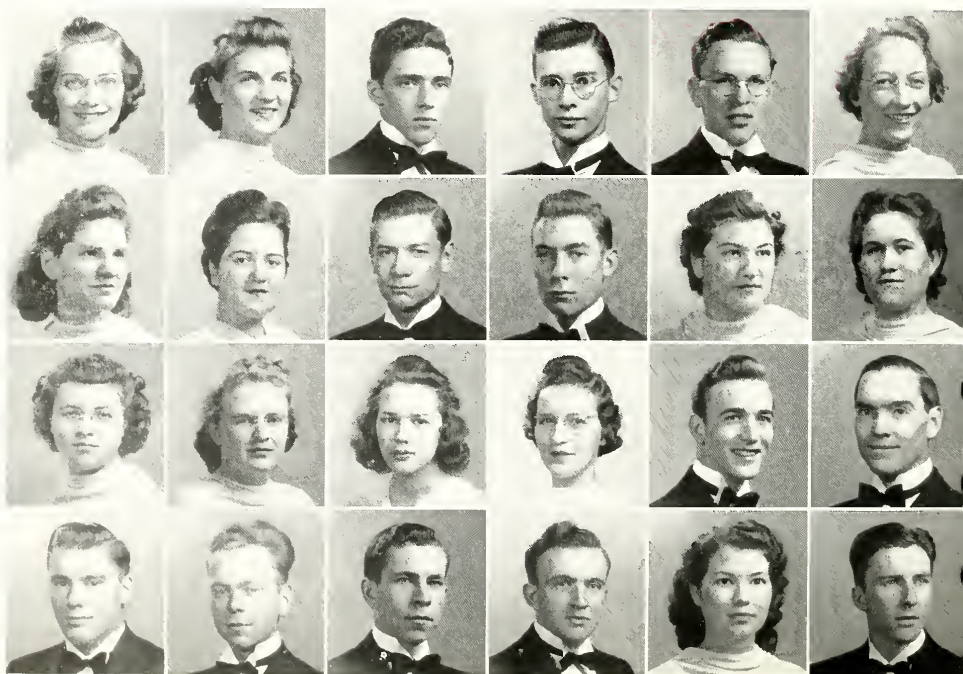

Phi Sigma Pi is an honorary professional fraternity for men in the field of education. Fraternal fellowship, scholarship, and high character are fostered as the ideals which give Phi Sigma Pi men that really professional attitude. Phi Sigma Pi men are not merely amused by educational ideas, but they act whenever they can to promote an educational opportunity. This year Theta Chapter has instituted a Teacher Placement Bureau which promises aid in securing positions for graduating brothers, and in advancing brothers of our alumnae to higher positions. Correspondence with alumnae brothers has been greatly facilitated by news letters which were compiled by our members and mailed to the graduates.

Phi Sigma Pi with Leo MacDonald as president, has met every two weeks. Meetings have been held in the local eating houses and in the newly finished fraternity room. The meetings of Phi Sigma Pi have been made alive this year by interesting speakers who are active in educational work and by student programs of varied natures.

Sigma Zeta

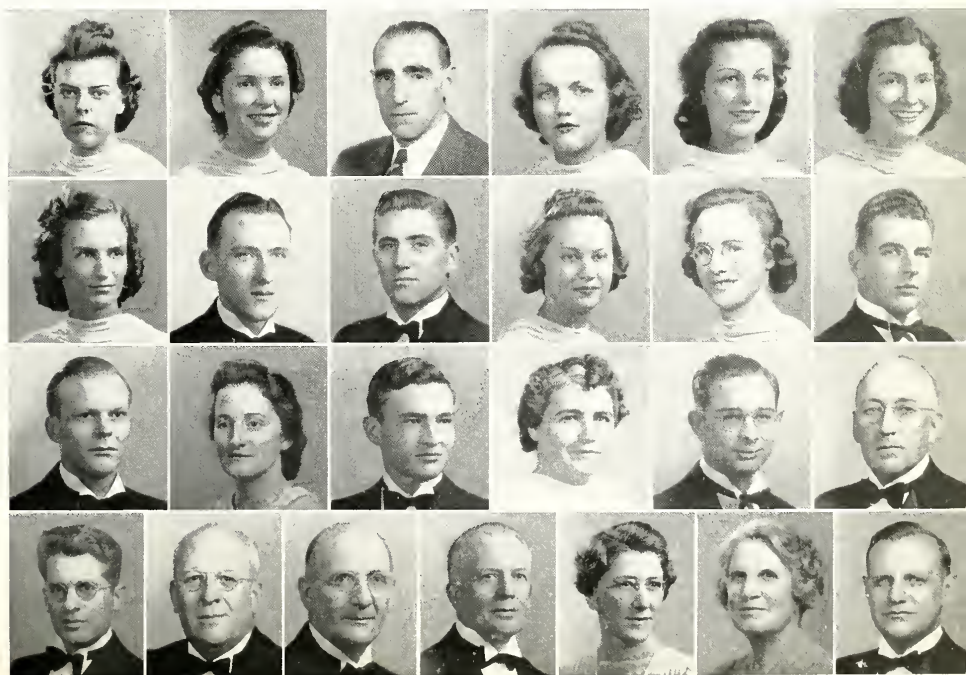

Sigma Zeta, a National Honorary Science Society is designed for mutual benefits among those interested in scientific endeavor. It offers a common ground where students and faculty members can meet and learn from each other the delights and challenging difficulties that the various fields have to offer.

Since its conception at M. S. T. C. and its affiliation with the National Society in 1930, Lambda Chapter has gained increasing recognition as one of the most active and worthwhile organizations on our campus. Members are selected from the upperclassmen who major in the fields of natural science or mathematics and from the home making students who will be certified in science.

To get a broad outlook upon the wide range of scientific endeavor, and at the same time an understanding of our capabilities, we contact as wide a range of activities as possible. These contacts are made at regular meetings which consist of demonstrations, student papers, and illustrated lectures presented by Dr. Cole, Chief-of-Staff of the Blossburg Hospital, and Dr. John Doane, both honorary members of our chapter.

Among other items worthy of mention are the following points of interest: During the past year Mr. Beyer has served as National Vice-President of our Society; the informal fall picnic the formal spring banquet; our college assembly program; Master Scientist, Theodore Novak, headed a delegation of five members which represented Lambda Chapter at the National Conclave held in Muncie, Indiana.

Pi Gamma Mu

Pi Gamma Mu is a National Social Science Honorary Society. As its motto the society has chosen the following words: "Ye shall know the truth and the truth shall make you free."

The society aims toward the inculcation of ideals of scholarship, scientific attitudes, and methods of social service in the study of social problems. In realization of its motto and its aim the Kappa Chapter of Pi Gamma Mu holds monthly meetings at which the intellectual side is broadened by addresses given by prominent people on current topics relating to the field of social science. Among the social activities of the organization, the Founders Day Banquet predominates. This year the members enjoyed this annual banquet at the Mark Twain Hotel in Elmira, New York.

With their sponsor, Dr. Feig, a veteran in the field, and their diligent president, Mary Douglas, the organization has maintained the respect and admiration of the students at Mansfield.

First Row: Douglas, Loch, Gannon, MacMullen, Bower, Brion.
Second Row: Brown, Dolheimer, Guy, Harris, Larson, Pickett.
Third Row: Werber, Westorook, Cass, Feig, Stout, Webster.

First Row: Mack, McCue, Brister, Kiser, Lee, Fenedick, Klepfer.
 Second Row: Atwater, Brooks, Griggs, Jones, Perkins, Ashenfelter.
 Third Row: Greenough, Strangfield, Waltman, Port, Sawyer, Brecher, Bowman, E. Harvey, Wood Satterly.

Lambda Mu

Lambda Mu, signifying Learning and Music, is a local honorary sorority, initiated at Mansfield on December 17, 1931.

The sorority seeks to foster high scholastic and musical attainment. The personnel is determined by musical talent, general scholarship, personality, and integrity of character. Its purposes are to promote musical interests, to stimulate scholarship, to promote high professional standards, and to provide opportunities for individual and group performances.

Its activities include monthly program meetings,

a yearly public musicale, and formal initiation of new members twice each year.

The sorority has a club room, equipped with piano and radio for the use of its members and alumnae.

Each fall Lambda Mu sponsors an Alumnae week-end in connection with the formal initiation. This year a sorority Alumnae Club was formed whose activities will include the publication of news letters and arranging for meetings and luncheons at district contests and festivals.

2nd Row: Douglas, Mack, Snyder, Chamberlain, Cieslowski.

3rd row: Fahey, Burke, Boyle, Gannon, Gernert, Cawley, Wallace, Allshouse, Jones, Fisk, Fisher.

The Dramatic Club aims to promote drama, an appreciation of things dramatic, and the social development of its members. Membership in this organization is secured through the medium of competitive try-outs held in September and February of each college year.

The first dramatic production this year was "Our Town," by Thornton Wilder. This play afforded an excellent opportunity for a large number of students to interpret many and varied roles. The Christmas pageant, produced in cooperation with the Art and Music Departments, provided the next opportunity for histrionic participation. Variety programs were arranged and produced at assembly and at fraternal and business clubs of the community. The spring offering, three one-act plays: "The Twelve-Pound Look," "Safety-Pins First," and "Thank You Doctor," provided still other members with opportunities for dramatic participation. These major projects combined with dramatic club programs have resulted in a most profitable and enjoyable year.

Activities stressed have been play production, oral interpretation, program arrangement, and make up. It is hoped that the dramatic experience gained by the sixty participants in the programs of this year will be beneficial in their post-college years.

Dramatic Club

The Emersonian Literary Society is an honorary organization for Sophomores, Juniors, and Seniors who have high scholastic records. The monthly meetings have been invigorated by interesting speakers in the literary field of education, while the members have been invigorated by delicately prepared refreshments which have followed.

The Emersonian Literary Society brought itself into the lime light this year particularly well when it presented a Christmas program, "Christmas In Other Lands." Several impersonations by members of the organization added an interesting hit of mirth to the program.

With their understanding sponsor, John Worth Cure, and their capable president, Betty Westbrook, the members of The Emersonian Literary Society strive to enrich their literary backgrounds and, like Emerson, develop into all-around scholars. Emersonians feel that the all-around scholar is virtually the best teacher.

Emersonian Society

Y. W. C. A.

By far the most active organization on our campus, the Young Women's Christian Association, under the leadership of its president, Miss Betty Lee and the guidance of its sponsor, Miss Jessie Grigsby, has successfully carried out a program which they have built around a very definite and worthwhile theme, "**Building to Broaden the Horizon of the American Woman.**"

This year the Y. W. C. A. has sponsored many social activities such as a full day's retreat to Harrison State Park in the fall and a continuity of parties, programs, hikes, etc. Through all of these social engagements the Y. W. C. A. serves to make acquaintances as well as to promote fellowship and good will among our women students. With an inundation of original ideas, Lucy Henninger, Vice-President and chairman of the program committee, in cooperation with Y. W. C. A. Cabinet and in response to the desires of the members has made every meeting, of a moral, spiritual, or intellectual nature, an interesting experience for all who have attended.

The major accomplishment of the Y. W. C. A. for this year was the sponsorship of the world famous traveler and lecturer, Sherwood Eddy, who gave to the students a series of unbiased lectures on various foreign conflicts.

The annual banquet, a gesture of appreciation to the cabinet members for the services they have rendered and a means of acquainting the officers elect with their new responsibilities, was, as it usually is, the acme as well as the inception of a successful year of service.

Y. M. C. A.

The purpose of the College Y. M. C. A. is to develop the whole of Christian living in its physical, moral, mental, and spiritual phases. We have on the Campus a "Y" but where our activities are centered. Here we find a place for recreation, fellowship, study, and worship. The group is governed by a cabinet elected from its membership, with Dr. Clyde Gwinn and Dr. Paul Steele as advisers.

Our Thursday evening meetings bring to the campus varied speakers who are outstanding in their own fields. Talented students frequently contribute to the total enjoyment of the programs.

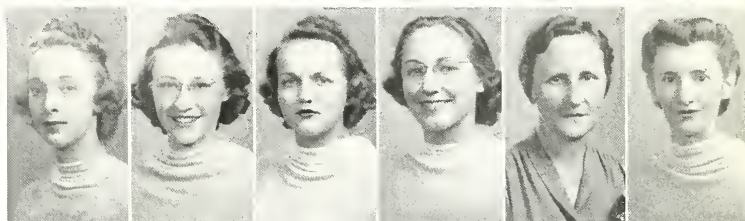

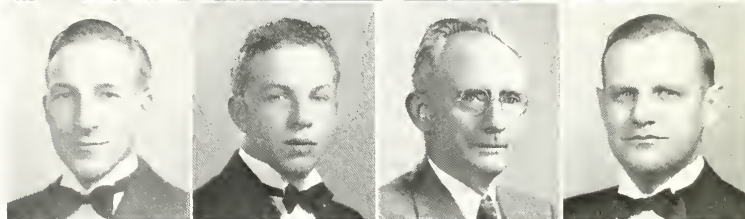

The "four-star" activities of the year are, the Y. M. and Y. W. dance, the "Y" assembly program, the joint Christmas service, and the installation of officers.

The Gospel Team is an organization that is a part of the campus Y. M. C. A. field work. Its primary purpose is to develop the spiritual element of campus living and to minister to the spiritual needs among the surrounding communities. This Team represents no particular creed but is an interdenominational group representing the Christian Faith in all its implications. This season we have participated in eleven church services.

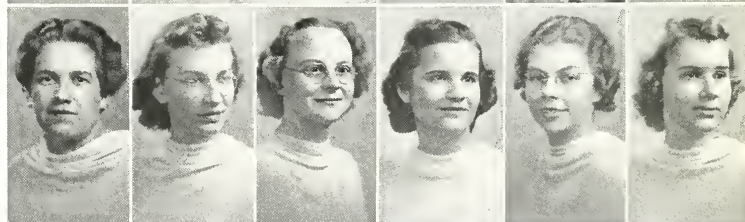

The Y. M. C. A. looks forward to a greater and deeper realization of our ideals in student living.

Omicron Gamma Pi

The Motto of Omicron Gamma Pi is "Homemaking to know and to teach." As the name implies, it is an organization whose membership consists of all girls enrolled in the homemaking department. A girl automatically becomes a member of this organization upon entering the course of homemaking.

The activities of the club are many and varied. Meetings are held monthly, a balance between educational and pleasure meetings being maintained. There is the yearly dance which is looked forward to by all members of the department and also the yearly special publicity event. The purpose of this publicity event is to make other students of the campus aware that the homemaking department exists. The special events of the past few years have covered a variety of subjects—a Constitutional Ball, a May Day Festival, and this year the "Gone With the Wind" Dance. For this occasion the entire student body cast their ballot for their choice of the characters Scarlett, Rhett, Melanie, and Ashley from the widely acclaimed novel. The winners of the election were announced the night of the dance and the entire program was planned upon their entrance to the scene.

Omicron Gamma Pi is affiliated with the state association of clubs and during the current year two of the offices of President and Treasurer of the State Home Economics Association have been held by members of our club.

Camera Club

The college Camera Club, still in its infancy, tried this year to build a solid foundation for the future of the organization as well as to secure as much benefit and enjoyment as possible for the present members. There are regular monthly meetings supplemented by optional work meetings of special interest groups. The informal spirit of these meetings and the enthusiasm of individual members give promise of a successful future.

French Club

The French Club Officers for 1939-1940 were: President, Freda Thompson Burrell; Vice-President, Eloreña Saxton; Secretary, Blanche Caswell; and Treasurer, Marguerite Abel. During the year many activities created a growing interest in the club: a study of opera accompanied by the most familiar arias; a geographic study of France; French folk songs; games; and excellent refreshments.

Rurban Club

The Rurban Club is the one group on the campus which concerns itself with the problems of the rural school. The aim of this organization is to aid the rural schools in this section, give training in leadership, develop initiative, and provide social life for its members.

This year our project was the installation of equipment for hot lunches in a rural school of Cowanesque Valley. With everyone in the club taking an active part, we feel that our group is not only helping those in it, but also others within our service area.

Latin Club

The officers of the Latin Club were President, Marion Sterling; Vice-President, Margaret Nicholas; Secretary, Freda Thompson, and Treasurer, Vivian Bolheimer. Pursuing our aim to create an interest in classical literature and culture, under Miss Alice Doane's sponsorship, the club enjoyed many interesting meetings. Humorous dramatizations, a study of lands loved and written about by Latin writers and portions of Greek drama all helped to provide our program. Also many occasions for amusements were offered and enjoyed by all.

OUR ALUMNI

ANY SERVICE

That we can give to the Year Book Boards is always cheerfully given. We enjoy the conferences with the boards and the aid that we possibly give them in undertaking what to them is a brand new experience.

Our years of printing the Carontawan and other year books and our proximity to our customers, have proved vaiuable aids to the various boards that have produced books. The fact that we continue to serve them shows that our work is appreciated.

When the present graduates are teaching and planning year books for their schools, we should be pleased to give them the benefit of our advice and help them in any way possible.

May success go with you.

MANSFIELD ADVERTISER

Mansfield, Pennsylvania

You cannot patent it . . . or copyright it . . . you cannot install it . . . like a piece of machinery.
You cannot accurately measure it . . . or the lack of it.
Yet it is your most important consideration when you choose your Yearbook Photographer.

It is—

"Knowing How"

Experience . . .

is the one thing that will meet the unusual emergency with the comforting statement—"We know just what to do—we've been through this before."

Our complete organization offers you this background of experience in creative photography and consultation on all problems relating to Yearbook Photography.

It costs nothing to talk it over with us.
